# POLICIES, STRATEGIES AND GUIDELINES

# **WWCBA CODE OF CONDUCT STRATEGY**

## **1. The Context For A Strategy**

A Strategy for the management of the game of Crown Green Bowling within the WWCBA responding to the Association's commitment to the maintenance of behavioural standards as a prime objective.

The Strategy imposes responsibilities at all management levels within the national framework in which the game is played as follows:

- It imposes self discipline on all bowlers playing within the auspices of the WWCBA.
- It requires all bowlers to have respect at all times for their opponents, for referees and for selectors alike.
- It requires all Member Clubs to ensure that their internal disciplinary rules are adhered to.
- It charges all Member Clubs and Affiliated Clubs that do not currently have disciplinary rules to adopt appropriate rules.
- It requires all Affiliated Leagues to have disciplinary rules within their formal constitutions and to submit copies of their Rules and Constitutions annually to the WWCBA.
- It requires all bowlers playing in internal club events, in Affiliated League's activities, in WWCBA league, cups and merit events, in Inter County (Senior, Junior, Veterans and Midlands Alliance) and finally in national competitions to respond in a positive way to this Strategy.

The Strategy has the full support of the WWCBA and its contents will be managed by those identified in the Strategy with a view to enhancing the image of the WWCBA and maintaining the integrity of the game.

## **2. The Referees Society**

The Referees Society has a key role to play in the pursuance of the Strategy. The Society will:

- Organise seminars/forums at which key developments in the rules and interpretations of the rules will be debated thereby generating consistency in approach.
- Arrange annually for referees examinations to be held to provide for more qualified referees who in turn will extend the base of consistency and influence.
- Target clubs with no qualified referees.
- Assemble a Core Group of referees who will:
  - (i) officiate, on a rota basis determined by the Referees Secretary, at all merit finals,
  - (ii) officiate, at Senior, Junior, Veterans and Midlands Alliance County matches,
  - (iii) officiate at finals and sub finals of competitions managed by Member Clubs where such competitions are required to be approved by the WWCBA,

- (iv) officiate at any other competitions which require the presence and involvement of qualified referees,
- (v) pro-actively promote the services offered by the WWCBA Referees Society.

In response to a professional and pro-active refereeing service managed by the Referees Secretary host clubs are invited to provide a high level of support and hospitality to referees.

### **3. The Competitions Sub Committee**

The Competitions Sub Committee will provide a range of services responding to the multi-functional management responsibilities discharged on behalf of the WWCBA by the Competitions Officer including:

- the identification of all sub final and final venues and early contact with host clubs, the identification of two members of the Competitions Sub Committee, together with a minimum of one other Officer/Member of the Management Committee, who collectively will be responsible for all aspects of a finals day including discipline. This arrangement will apply to all merit finals and selection will be on a rota basis thereby generating equality in involvement,
- nominated Referees, Competitions Sub Committee Members and Officials will be identified in all pre-event documentation circulated by the Competitions Officer,
- the availability of catering facilities, extended bar facilities, approved betting arrangements and liaison, at local level, with the Chief Constable,
- the production of BCGBA Registration Cards by all competitors at sub final and final stages will be imposed, without exception, and this requirement will be set out in all pre-event documentation issued by the Competitions Officer,
- the decision of the Officers and Members of the Competitions Sub Committee regarding conduct and any other aspect of finals days are to be responded to by host clubs expeditiously and without challenge.

### **4. The County Selection Sub Committees**

The County Selection Sub Committees (Senior, Junior and Veterans) have set good conduct high on their agendas. It is at this level of competition that the effectiveness of the Strategy will be regularly tested. Disciplinary matters at all County matches will be in the custody of the President, Deputy President, Team Managers and County Sub Committee members. These Officers and Members will *work* closely with formally appointed referees.

### **5. Strategic Objectives**

The Strategy seeks to eliminate:

- foul and abusive language by players and/or spectators directed at other players and/or spectators,
- foul and abusive language directed at Referees and other appointed Officers,

- sledging, vociferous, intimidating behaviour directed at players with the apparent objective of securing unfair advantage,
- any physical contact or challenge by any player or spectator directed towards the referee, and other player or spectator,
- unacceptable churlish behaviour as perceived by others,
- mis-use of facilities specifically provided by host clubs for the general enjoyment of guests, spectators and players.

Players and/or spectators within the control of the WWCBA found guilty of misconduct, following a formal disciplinary hearing, will be suspended forthwith, the period determined by the Disciplinary Sub Committee.

The Strategy seeks finally to generate a climate of competitiveness, effective management, comfortable ambience and hospitable venues which may encourage sponsors to emerge in a positive way.

## **6. Ownership Of The Strategy**

The WWCBA is totally committed to enhancing the image of the Association. WWCBA is a leading county in terms of its ability, its geographical and numerical size, its extensive programme of activities and its management competence. WWCBA's strengths are best demonstrated when representing the County at Inter County matches and/or national merits. The barriers which present themselves at league level disappear or are less obvious at County level and it is this climate of mutual support and trust which this Strategy is seeking to generate, and which should permeate our entire programme of activities.

The Strategy will be successful only with the full involvement and commitment of clubs. This was secured at the January 1995 AGM when the Strategy was endorsed by Member Clubs. The Strategy, which was modified in September 2004, is to be monitored by the Management Committee and reviewed and amended (if necessary) annually.

## **7. Communication**

Communication is vital. That is why all clubs are to display copies of the Strategy for the benefit of all players in their membership. Disciplinary matters will inevitably emerge. They will be dealt with by the Disciplinary Sub Committee in a positive yet fair way having full regard to antecedents and precedents. The Strategy however seeks to reduce the problem to a level which is consistent with the status of WWCBA.

## **8. Acknowledgement**

The Strategy was drafted by a Project Team of Officers and Management Committee Members. Correspondence on the Strategy should be referred to Darren Simpkin (Association Secretary).

## **WWCBA GUIDANCE NOTE – MATCH CANCELLATION COURTESY**

If prior to a match due to start, it is, in the opinion of the host club, that the green and weather conditions will mean that it is unfit for play then the Hosts Club Secretary or nominated Captain shall endeavour to contact the Away Team Captain & Club Secretary to avoid unnecessary travel.

Upon receiving this call:

- The Away team may choose to attend the green to make the decision final and not postponed until 4:30pm. The Away Team should advise the Host club of this intended action.
- The Away Team may choose to agree to the postponement on the advice of the Host Club. If this is the case both the Host club and the Away team shall advise in electronic format SMS or E-mail their agreement to each other and this agreement to postpone must be sent to the fixture secretary.
- Both Teams where possible shall agree alternative match date.

The Host Club shall inform the Away Team whether after match hospitality will be provided for the rearranged match. In the event this is not possible the Host team may consider an offer to compensate to the Away team for provision of Hospitality at the reverse fixture.

The alternative match date would be preferred to be agreed at the same time as the agreement to postpone match, however if this is not possible the Host Club shall offer 3 alternative dates and alternative start times within one week of the postponed game and one of these shall either be accepted or the match shall be played on the 29th day.

Roll-ups: 15 minute roll up for the away team shall be provided again on the revised fixture date.

If alternative date needs to be evenings it can be suggested to split the match into 6 on one evening and 6 on the next.

Host Clubs shall be permitted to consider comfort and safety of players and spectators during inclement weather and provide suitable shelters. If the playing surface is affected by visible puddles then this may be a cause for rain delay or postponement. If the weather is extended electrical storms then it would be wise to temporarily postpone games until they have passed.

Postponement for greens not able to be prepared for matches (i.e. not cut due to rain) might not be a sufficient cause for postponement but may be agreed by both Captains.

Away teams should not consider that sweeping puddles etc. is suitable treatment to ensure a match takes places as long term health of the playing surface is the responsibility of the Host Club.

Away teams who encounter unforeseen problems with travel arrangements, i.e. road closures, accidents etc. should notify the Host Club as soon as possible. Penalty for non attendance will apply except in exceptional circumstances and with agreement of the Both Teams and Fixture Secretary.

If a host Club waits until the start of roll up for the Away Team and they have failed to arrive. Then the Host Club should contact the Away Team to determine the cause of delay. The Away team may request a delay of start but may also forfeit their roll up unless agreed by the Host Club. The Host Club should end their roll up at 2:40pm

The Host Club should make allowance that the Away team may be travelling and unable to answer mobile telephone calls

If an Away team fails to attend then the Host Club should contact the Away team and notify the Fixture Secretary by SMS or Email. There is no need to make agreement to a rearranged game unless exceptional circumstances can be proven by the Team failing to attend and agreed with the fixture secretary who will then give guidance regarding the rearranged game requirements

Away Teams, who dispute Host Clubs green fitness for play and alternative dates may request independent judgement by the Fixture secretary, however be aware that it is likely the Fixture Secretary may not be able to perform or arrange an inspection. The Fixture Secretary may be able to provide assistance with interpretation of rules for further rearrangements. (Be aware that the fixture secretary may not be immediately available to respond at short notice especially during match dates).

The Fixture Secretary will monitor the rearranged fixtures and players used to ensure fair play and consider any breach in Rules and Bye-Laws.

## **BOWLING COURTESIES TO BE OBSERVED BY BOTH GENDERS**

The development of the Ladies Bowling Association in recent years has inevitably led to more female bowlers playing in League and Cup matches than ever before. This is a development much welcomed by the WWCB Management Committee and its Disciplinary Sub Committee.

Gender issues are never far away however and disciplinary matters are arising occasionally involving female bowlers and their male opponents which is a new experience and a very real challenge for the Disciplinary Sub Committee. Historically competitive edge issues and spontaneous conflicts have become a manageable irritant when male only bowlers are involved.

The Disciplinary Sub Committee recognises that all bowlers are different and approaches to League and Cup matches will vary significantly. Good discipline, courtesy to and tolerance of others should however prevail as a key objective in our Association.

Disciplinary issues arising out of competitive edge approaches and spontaneous conflicts involving both male and female bowlers are becoming more prevalent. The Disciplinary Sub Committee requests that:-

- Bowlers of both genders treat their opponents with respect and
- Refrain from sledging and the use of foul and/or abusive language and
- Report any intimidating behaviour directed at opponents to the Association Secretary.

This policy guidance note has been adopted and re-affirmed for application by the WWCB Management Committee.

## **WWCBA EQUALITY POLICY**

The Association has set out broad principles for achieving equality of treatment and opportunity in its Management Committee's practices.

These principles relate to ensuring fairness throughout the Association in crown green bowls, equality of access, recognising inequalities and taking steps to address them.

The policy will be supplemented by specific action plans as priorities are either determined or deemed necessary.

It is the Management Committee's intention:-

- To recruit crown green bowling members from all sectors of the community, and not to discriminate on the grounds of age, gender, race, ethnicity, colour, religion, sexual orientation, socio-economic status or ability.
- To recognise the importance of ensuring that membership reflects the makeup of society in general in order to ensure that the special needs and individual differences across the whole of the community at large can be adequately catered for.
- To actively seek to promote social inclusion by encouraging and engaging bowlers from all walks of life to participate in crown green bowls.
- To take seriously and deal expeditiously with all complaints of discrimination.

The Management Committee is collectively responsible for overseeing the effective implementation and adherence to this Equality Policy.

The Association believes that discrimination of any form is unacceptable, and can be unlawful. In addition to its legal responsibilities, the Association further acknowledges the need for Equal Opportunity Programmes to enable the effective development and maximum utilisation of its potential as a sports and social organisation. In doing so a parallel objective is to provide the means whereby all members can individually realise their talents and fulfil their potential.

This Equality Policy documents current practice and outlines the broad principles under which the Association operates. The Equality Policy is subject to ongoing review, annual re-evaluation and review and development.

# **WWCBA RECRUITMENT OF EX-OFFENDERS POLICY STATEMENT**

Addendum to equal opportunities policy statement.

As an organisation assessing applicants' suitability for positions which are included in the Rehabilitation of Offenders Act 1974 (Exceptions) Order using criminal record checks processed through the Disclosure and Barring Service (DBS), WWCBA complies fully with the Code of Practice and undertakes to treat all applicants for positions fairly. WWCBA undertakes not to discriminate unfairly against any subject of a criminal record check on the basis of a conviction or other information revealed.

WWCBA can only ask an individual to provide details of convictions and cautions that WWCBA are legally entitled to know about. Where a DBS certificate at either standard or enhanced level can legally be requested (where the position is one that is included in the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 as amended) and where appropriate Police Act Regulations (as amended), WWCBA can only ask an individual about convictions and cautions that are not protected.

WWCBA is committed to the fair treatment of its staff, potential staff or users of its services, regardless of race, gender, religion, sexual orientation, responsibilities for dependants, age, physical/mental disability or offending background.

WWCBA has a written policy on the recruitment of ex-offenders, which is made available to all DBS applicants at the outset of the recruitment process.

version: 2.1

WWCBA actively promotes equality of opportunity for all with the right mix of talent, skills and potential and welcome applications from a wide range of candidates, including those with criminal records. WWCBA select all candidates for interview based on their skills, qualifications and experience.

An application for a criminal record check is only submitted to DBS after a thorough risk assessment has indicated that one is both proportionate and relevant to the position concerned. For those positions where a criminal record check is identified as necessary, all application forms, job adverts and recruitment briefs will contain a statement that an application for a DBS certificate will be submitted in the event of the individual being offered the position.

WWCBA ensures that all those in WWCBA who are involved in the recruitment process have been suitably trained to identify and assess the relevance and circumstances of offences. WWCBA also ensures that they have received appropriate guidance and training in the relevant legislation relating to the employment of ex-offenders, e.g. the Rehabilitation of Offenders Act 1974.

At interview, or in a separate discussion, WWCBA ensures that an open and measured discussion takes place on the subject of any offences or other matter that might be relevant to the position. Failure to reveal information that is directly relevant to the position sought could lead to withdrawal of an offer of employment.

WWCBA makes every subject of a criminal record check submitted to DBS aware of the existence of the Code of Practice and makes a copy available on request.

WWCBA undertakes to discuss any matter revealed on a DBS certificate with the individual seeking the position before withdrawing a conditional offer of employment.

- What benefit arises from the current use of the green?
- How much is the facility used and how does it serve the local community?
- What other options are available?

You should utilise your green as much as possible during the period of objection, consider competitions, coaching sessions, involve bowlers of both sexes and all ages. If necessary, seek legal advice from Chris Price and contact the BCGBA regarding possible financial assistance in this respect.
